LEGISLATIVE SCORECARD: 131ST MAINE LEGISLATURE

Special
pullout
section!

See if your state senator and state rep voted for or against MSEA and workers in 2023 and 2024

MSEA Member and Transportation Worker Gaven Speirs testifies in support of closing the pay gap.

During the 131st Maine Legislature, we tracked every state legislator's votes on key issues impacting Maine workers.

Based on their votes, we scored them. **The higher the percentage score, the more they voted pro-MSEA and pro-worker. The lower the percentage score, the more they voted against MSEA and workers.**

Some legislators scored a perfect 100%. Others voted against MSEA and workers at every turn.

Look inside to see how your legislators voted on the following bills; then **hold them accountable in Nov. 5, 2024, General Election:**

Two-Year State Budget (LD 258): Passed July 6 and signed into law by Governor Mills, LD 258 ensured the continuity of state services and prevented the possibility of a state government shutdown. We supported it.

Corporate tax transparency (LD 1337): On April 2-3, at our urging, the Maine House and Senate passed LD 1337, An Act to Require a Corporation That Files a Tax Return in the State to File a Tax Disclosure Statement so that we all know what they are paying in taxes. LD 1337 became law on April 16 without the Governor's signature.

Anti-worker legislation (LD1 1636): At our urging, on June 6-8, the Maine House and Senate accepted the majority "ought not to pass" report on anti-worker legislation known as LD 1636. This bad legislation is dead.

Making it easier to join a public sector union (LD 2032): We supported this legislation, An Act to Improve Maine's

Retiree Member Philip Rose thanks Senator Craig Hickman, at left, for advocating for seniors.

MSEA-SEIU Director Jake Adams testifies for more funding for Maine Maritime Academy.

MSEA-SEIU Vice President Kevin Russell, at center, thanks Representatives Tavis Hasenfus and Raegan LaRochelle for voting pro-worker.

MSEA-SEIU Retiree Member Dave Projanksy, at right, a candidate for Maine House District 96 in Lewiston, thanks fellow MSEA-SEIU Member and State Senator Mike Tipping for voting 100% pro-worker during the 131st Maine Legislature.

Labor Laws by Changing the Laws Governing Elections of Collective Bargaining Agents for Certain Public Employees. The Maine House and Senate passed it on March 6-7, and Governor Mills signed it into law March 14.

State minimum wage for farmworkers (LD 2273): We gave only qualified support for the initial legislation because it lacked overtime protections and the right for farmworkers to enforce the law them-

selves. We supported the amended bill that passed in the Maine House and Senate on April 10-11, and are extremely disappointed that Governor Mills vetoed it.

Legislation to close the pay gap (LD 2121): We strongly supported the emergency legislation known as LD 2121, An Act to Address the Chronic Understaffing of State Government Positions. While we are pleased that the portion of the legislation

authorizing the Mills administration to use the Salary Plan to address the pay gap was included in the Supplemental Budget (LD 2214) that Governor Mills signed into law, we're disappointed that the other provisions of LD 2121 weren't enacted into law. LD 2121 was voted by roll call in the House; we aren't including LD 2121 on our Senate scorecard because the Senate voted it under the hammer.

Protected: Retiree pension tax deduction, Medicare Savings Plan

At our urging, members of the 131st Maine Legislature rejected ill-conceived proposals to roll back the recent expansions of the pension tax deduction and the Medicare Savings Plan:

- We protected the pension tax-exemption in state law, ensuring it will increase to \$48,000;
- We also protected the 2023 expansion of the Medicare Savings Program, Medicare Part B premium assistance, in state law. Go to this official Medicare website to learn more about Medicare Savings Programs: www.medicare.gov/medicare-savings-programs. These programs are state-run. Advocating for quality services, workers

MSEA-SEIU Retiree Directors Steve Butterfield and Robyn Egan on April 12 advocate at the State House for retirement security. We protected the retiree pension tax deduction and the 2023 Medicare Savings Expansion.

MSEA-SEIU members on March 7 pack the State and Local Government Committee's work session on LD 2121, legislation to close the state employee pay gap. We're pleased that the portion of the legislation authorizing the Mills administration to use the Salary Plan to address pay gap was included in the Supplemental Budget (LD 2214) that Governor Mills signed into law, but are disappointed that the other provisions of LD 2121 weren't enacted into law.

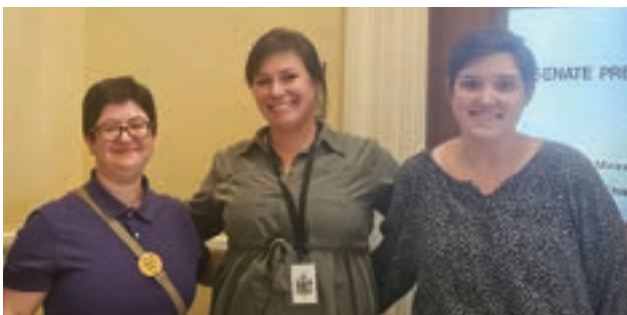

MSEA-SEIU Vice President Kevin Russell thanks Representative Deqa Dhalac for voting 100% pro-worker in the 131st Legislature.

MSEA-SEIU Member and Maine State Ferry Service Captain Aaron Sheridan testifies on Feb. 8 in support of LD 2121 to close the state employee pay gap. "Dedication to my job and to the island communities has been of upmost importance to me and I hope you can see that we have specialized skills, licenses and experiences that we bring to the table; pay us and treat us accordingly," Captain Sheridan told members of the State and Local Government Committee.

Help elect pro-worker candidates on Nov. 5

The Maine Legislature and Washington, D.C., need more pro-worker legislators. Will you help us elect more pro-union candidates in the General Election on Nov. 5? Sign-up here to volunteer with MSEA-SEIU Local 1989's 2024 Election volunteer program: linktr.ee/mseapolitics
