Maine Service Employees Association, SEIU Local 1989 —

LEGISLATIVE SCORECARD FOR THE 132ND MAINE LEGISLATURE

Special pullout section!

See if your state senator and state rep voted for or against MSEA and workers

During the 132nd Maine Legislature, we tracked state legislators' votes on key issues impacting Maine workers.

Based on their votes, we scored them. **The higher the percentage score, the more they voted pro-MSEA and pro-worker. The lower the percentage score, they more they voted against MSEA and workers**.

Some legislators scored a perfect 100%. Others voted against MSEA and workers at every turn.

Look inside to see how your state senator and state representative voted on the bills we tracked; then **hold them accountable in the Nov. 3, 2026, General Elections**:

March 19: MSEA-SEIU members converge on the State House for MSEA-SEIU Lobby Day in support of closing the pay gap and strengthening retirement security.

LD 609, An Act Making Certain Appropriations and Allocations and Changing Certain Provisions of Law Necessary to the Proper Operations of State Government: After months of failed negotiations on the Biennial Budget, a continuing-services two-year state budget known as LD 609 was introduced and signed into law March 21, 2025. LD 609 prevented the possibility of a state government shutdown on July 1, 2025. Its passage, which we supported, thus neutralized the threat of thousands of state workers being locked out of their jobs.

However, it's important to note that in combination with the administration's supplemental two-year state budget, LD 210, over our strong objections, $56 million was removed from the State's Salary Plan, which pays the wages of state employees. This raid on the Salary Plan was done by increasing the attrition rate for state employee positions for the current two-year state budget despite the well-documented understaffing problem throughout all departments of Maine State Government. Scores of our members asked the Legislature to restore the $56 million taken from the Salary Plan, but both the Legislature and the administration still used the money for other priorities.

As for the **Highway Fund Budget**, **LD 274**, which is the enacted biennial Transportation Budget, we supported the approved range changes, reclassifications, reorganizations and new positions within the Highway Fund Budget, including those within the Department of the Secretary of State, and the approved range change of nine Computer Forensic Analyst Positions within the Department of Public Safety. We opposed LD 274's taking of $12.3 million from the State's Salary Plan as well as LD 274's increase in spending to allow for MaineDOT to contract work away from our members at the Maine State Ferry Service. We also adamantly opposed LD 274's removal of 60 Transportation Worker positions across the State of Maine; the approval of this provision will worsen the severe staffing challenges that highway crews at MaineDOT have been experiencing.

LD 229: An Act to Bring Fairness in Income Taxes to Maine Families by Adjusting the Tax Brackets and Tax Rates: We supported this legislation, sponsored by Representative **Ann Matlack**, to generate revenue that could be used to support wage increases for public sector workers and help support funding MainePERS pension improvements. However, the bill died in the Maine House on April 29, 2026, when the Legislature adjourned.

LD 589: An Act to Establish a State Minimum Hourly Wage for Agricultural Workers. We supported this bill sponsored by Senator **Rachel Talbot Ross** and signed into law June 10, 2025. Beginning Jan. 1, 2026, agricultural workers must be paid a minimum hourly wage of $14.65, with annual increases tied to the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the Northeast Region.

LD 874: An Act to Provide Relief to Federal or State Employees Affected by a Federal Government or State Government Shutdown: We supported this bill, which was sponsored by Representative **Kristi Mathieson** and signed into law July 7, 2025. It establishes the Government Shutdown Loan Guarantee Program. The program, administered by the Finance Authority of Maine (FAME), provides access to no-interest loans for certain federal employees in Maine or State Government employees affected by a partial or full shutdown of the Federal Government or the State Government that lasts for longer than seven consecutive days

LD 900: An Act to Protect State Retiree Pensions from Inflation: We supported this bill sponsored by Senator **Joe Baldacci,** but it died April 29, 2026, when the Legislature adjourned. It would have provided that for fiscal year 2026-27, the MainePERS Board of Trustees, whenever there is a percentage increase in the Consumer Price Index from July 1 to June 30, must automatically make an equal percentage increase in retirement benefits up to a maximum annual increase of 4%. The bill also would have required that beginning in fiscal year 2028-29, the board must automatically make an equal percentage increase up to a maximum annual increase of 5%. The bill would have provided that, effective July 1, 2026, cost-of-living increases for retired state employees and teachers and their beneficiaries apply to the first $40,000 of the retirement benefit. The bill also would have required that effective July 1, 2028, the cost-of-living increases for retired state employees and teachers and their beneficiaries apply to the first $50,000 of the retirement benefit and must be increased in subsequent years by the same percentage

Legislative Champions

of the 132nd Maine Legislature

The state legislators listed below have earned the distinction of **Legislative Champions**. They sponsored or cosponsored bills on our issues, championed specific issues, fought to ensure member voices were heard during the legislative process, lifted up our issues within their legislative committees or caucuses, and so much more. **Thank you, Legislative Champions, for prioritizing MSEA members and the issues that impact us!**

Maine Senate:

Joseph Baldacci – sponsored legislation to undo pension cuts (LD 900); **Pinny Beebe-Center** – sponsored legislation on Maine State Ferry Service passes; **Richard Bennett** – cosponsored bills important to our members; **Anne Carney** – helped to fight off an anti-union public defender bill; **Mattie Daughtry** – fought to ensure retirement improvements for RPC/DDPC; **Nicole Grohoski** – champion for workers at Maine Maritime Academy; **Craig Hickman** – champion for workers at the Office of Chief Medical Examiner; and **Mike Tipping** – a champion for workers on every issue

Maine House of Representatives:

Marshall Archer – advocate for DHHS reforms; **Matt Beck** – champion on the Labor Committee; **Bill Bridgeo** – champion for Executive Branch workers; **Lynn Copeland** – advocate on the State and Local Government Committee; **Deqa Dhalac** – champion for workers on every issue; **Jan Dodge** – advocate for retirement security; **Wayne Farrin** – voice on the State and Local Government Committee; **Gary Friedmann** – advocate for Executive Branch workers; **Valli Geiger** – advocate for ferry service workers; **Cheryl Golek** – advocate for a millionaire's tax to help fund quality public services; **Kristi Mathieson** – sponsored legislation to create and improve shutdown loan program; **Ann Matlack** – advocate for all state workers; **Julia McCabe** – advocate for retirement security; **Karen Montell** – advocate for legislation to improve air quality and a strong advocate for DOT workers; **Mike Ray** – advocate for ferry workers; **Amy Roeder** – champion on the Labor Committee; **Dave Rollins** – regularly sponsors legislation important to our members; **Sue Salisbury** – as co-chair of the State and Local Government Committee, advocates for recruitment and retention legislation; **Dan Shagoury** – advocate for retirement security; **Charles Skold** – sponsored legislation to improve MainePERS pensions; and **Kilton Webb** – strong voice on labor issues

SEE IF YOUR STATE SENATOR AND STATE REP VOTED FOR OR AGAINST MSEA

Continued from Page 1

adjustment.

LD 1265: An Act to Amend the Laws Governing Public Employee Market Pay Studies and Comprehensive Reviews of the Classification Plan for State Service Positions: We supported this bill sponsored by Representative **Deqa Dhalac** and it became law Jan. 11, 2026, without the Governor's signature. It modifies the provisions of civil service law requiring periodic market pay studies and periodic review of the plan for state employee job classification by requiring that the Department of Administrative and Financial Services, Bureau of Human Resources, issue a request for proposals and contract with an experienced contractor to complete those market pay studies and reviews.

LD 1539: An Act to Create a State Employee Compensation Stabilization Fund: We supported this bill sponsored by MSEA-SEIU Member and State Senator **Mike Tipping**, but it died April 29, 2026, when the Legislature adjourned. This bill would have created the State Employee Compensation Stabilization Fund within the Department of Administrative and Financial Services. The fund would have been used to augment the salaries of state employees to provide parity between the salaries of state employees and the salaries of comparable positions in the public and private sectors as determined by a market pay study. Unexpended balances in the fund at the end of the fiscal year would not have lapsed; the would have been carried forward to the next fiscal year.

LD 2148: An Act to Amend the Laws Governing the Health Insurance Premium Cap for State Employees: We supported this legislation, sponsored by Senator **Cameron Reny** and signed into law April 13, 2026, because the prior premium cap for the State Employee Health Plan caused the State Employee Health Commission to increase out-of-pocket costs to plan participants, including higher deductibles, coinsurance, co-pays, out-of-pocket maximums and increasing prescription drug co-pays. Continuing with more of those types of cost increases for plan participants would diminish the State Employee Health Plan as a recruitment and retention tool. However, by increasing the premium cap as provided for in LD 2148, the health premium tax credit available to plan participants would continue to help reduce their premium costs. Also, the premiums are paid as a pre-tax deduction. Higher premiums are preferable to significant increases to out-of-pocket costs if given the choice.

LD 579: An Act to Include Certain Nurses Under the 1998 Special Plan for Retirement: We supported this legislation sponsored by Senator **Mike Tipping** and signed into law April 16, 2026. This will allow these workers to retire at age 55 with at least 10 years of service, or with 25 years of service regardless of age due to the high risk, stressful, and often traumatic nature of their jobs.

This bill covers at least 115 nurses who work at Dorthea Dix and Riverview Psychiatric centers. This bill was finally funded, after many years of advocacy by our members. The final version of LD 579 did not include a number of job classifications that were in the original bill, and we will continue to work to make sure that all front-line workers at these facilities are receiving equitable access to this retirement plan.

Did your State Senator vote pro-MSEA and pro-worker?

Senate District #	State Senator	Percent they voted pro-MSEA, pro-worker	Enacted the continuing-services state budget preventing shutdown (LD 609, Roll Call S-62)	Supported tax fairness (LD 229, Roll Call S-476)	Supported minimum wage for farmworkers (LD 589, Roll Call S-289)	Supported MainePERS pension restorations (LD 900, S-229)	Supported State Compensation and Classification Studies (LD 1265), S-368)	Supported State Employee Compensation Stabilization Fund (LD 1539, Roll Call S-380)	Supported providing flexibility to the State Employee Health Commission on premium increases (LD 2148, Roll Call S-879)	Strengthened retirement security for certain Riverview/Dorothea Dix workers (LD 579, Roll Call S-950)

Non-voting State Representatives:

Aaron Dana, **Passamaquoddy Tribe**

Brian Reynolds, **Houlton Band of Maliseets**

Scorecard Guide:

=Denotes MSEA-SEIU-endorsed in the Nov. 3, 2026, General Elections

The higher the % = the more they voted pro-MSEA and pro-worker.

The lower the % = the more they voted **AGAINST** MSEA and workers.

ABSENT = they were absent from that vote.

E = they were excused from that vote.

Feb. 17: MSEA-SEIU Member Bobbi Bard, who works as an intensive case manager at Riverview Psychiatric Center, asks members of the Appropriations Committee and the Health and Human Services Committee to restore the $56 million taken from the State's Salary Plan, and to move the remaining workers at Riverview and Dorothea Dix Psychiatric Center into the 1998 Special Retirement Plan.

Feb. 24: MSEA-SEIU members told members of the Appropriations Committee about chronic understaffing throughout Maine State Governemnt as they implored legislators to restore the $56 million they and the administration took from the State's Salary Plan to use for other priorities.

Close pay gap, strengthen retirement

March 5: MSEA-SEIU Retiree Members Steve Butterfield, Irene Lee and Deborah Thomas share a moment with Representative Cheryl Golek, third from left, during the Maine AFL-CIO Labor Lobby Day in support of undoing the 2011 LePage pension cuts.

Feb. 24: MSEA-SEIU Vice President Kevin Russell, who works as an eligiblity specialist for Maine DHHS, told legislators it's inexcusable that some state workers are paid so low they quality for public assistance.

Join PASER today!

Help strengthen our political power so we can win on our issues

While we celebrate hard-fought victories with members in 2026, **we also are laser-focused on building up our presence and strength at the State House**.

Together, we can win the right to strike, secure binding arbitration, secure more funding for public sector members' wages, fix and reverse the 2011 cuts to MainePERS pensions so that retirees can receive a full cost of living adjustment (COLA) and retire dignified with the peace of mind they have earned, and build the power to make sure members can thrive in today's economy.

In order to accomplish our goals, we need to build more power. **You can help by joining our political action program, PASER, Political Action by Service Employees and Retirees**.

It takes people power and resources to win. Join the fight and support this work by becoming a PASER member today. We recommend supporting at $10/month; sign up online at linktr.ee/mseapolitics or by calling our MSEA headquarters: 207-622-3151.

March 19: Strong turnout for MSEA Lobby Day in support of closing the state employee pay gap.

March 3: State Rep. Amy Roeder, co-chair of the Maine Legislature's Labor Committee, introduced LD 669 expanding the State's death benefit to include MaineDOT workers. This legislation was signed into law April 16. This law is retroactive to Jan. 1, 2026, so that the families of the two MaineDOT workers killed in the line of duty on Jan. 13, 2026, MSEA-SEIU Members James Brown and Dwayne Campbell, both of Waterville, are eligible for the State's death benefit.

Dec. 16, 2025: Members share a moment after stopping by the office of Governor Mills asking her to close the state employee pay gap by negotiating a fair contract for state workers.
